Phew! I think it's worth telling him and also get a feel about the new Minister's priorities. Does the time he proposed (3:30pm) still work for you? If so, I can ask him to call us at your desk. Let me know.

Hi Nadtya,

There have been a few changes to the EPA delegation and OITA is no longer going. That said, I think it would still be useful to have a call with Andrew to catch him up on what the now-smaller delegation will be doing. I leave it up to you to decide if we should alert Andrew to this change.

Thanks,

Cam

Hey Nadtya,

I could be available at 3:30pm EST tomorrow, should I call your desk number?

Subject: Delegation to Colombia

Good morning, Andrew,

It looks like there will be an EPA delegation to Colombia next week regarding glyphosate use. We expect at least one person from the international office to participate in the mission. This mission may present an opportunity for our representative to meet with the Ministry of Environment and discuss potential collaboration and we are wondering if you can provide us with some background on the new Minister's priorities.

We are still trying to gather information on next week's mission and we think we will have more later this afternoon. We are available to talk tomorrow between 1 and 4pm. Would you be available to chat at some point between those times?

Best regards,

Nadtya
